#### A CANADIAN REMEDY

For Costiveness, Irregula, ay and Debu of the Digestive Organs, Indusing Headache, assitude, Nervousness, General Prostration of the Mind and Body, Paralysis, &c.

A moment's reflection ought to convince a sensible man of the folly and danger of constantly dosing with Cathartic Medicines. The practice is pernicious and suicidal. An experience of forty years has taught me that the constantly increasing evils of indigestion are fearfully aggravated by the too free use of Cathartics. The American people are fast becoming a nation of dyspeptics by their artificial modes of life. Drastic Cathartics increase the irritability, and prostrate the strength of the digestive organs. digestive organs.

The Pills now offered are especially designed to allay this irritability, and at the same time to invigorate a d strengthen all the functions of digestion, while they are gently laxative. They are anodyne, tonic and laxative. They are so mild and invigorating that one is not reminded by any disagreeable effects that he has taken medicine. #### THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR Restoring THE BALD AND GRAY

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been torced to leave the field to its resistless sway. Rend the following:

Prof O. J. Wood & Co Gents: The letter I wrote you in 1858, concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third does ny hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft thrifty and better colored; the same is true of my whiskers, and the only came why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sail of various compounds as we I as this, it has no doubt been barely imitated and been used, not only without any good I ut to absolute in jury. I have not used any of barely imitated and been used, not only without any good lutto absolute injury. I have not used any of basely imitated and been used, not only without any good lutto absolute injury. I have not used any of the storagive of any account for some months, and we my hair is as good as ever, and hundreds have extending it with surprise, as I am now 61 years old and not ageray bair in my head or on my face; and to prove this fact. I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles inst Summer for which I am very grateful: I gave it to my triends and thereby induced them to try it, many were skepticle us til after trial, and then purchased and used it with universal success. I will ask as a favor, that you set dime a test by which I can discover fraud in the flestorative, sold by many. I fear without authority from you. A pure article will insure success and I believe where good effects, do not follow the failure is caused by the impure article which curses the ininventor of the good. I deem it my duty ss heretofore to keep you apprised of continued effect on my hair, as I assure all who enquire of my unchaken opinion of its valuable results. I remain, dear sir, yours.

A. C. RAYMOND.

Aarons Run Ky., Nov. 30 1858

Paop. O. J. Wood: bear sir.—I would certainly be doing you a great it justice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Resterative.

world, the wonderful, as well as the unexpected result. I have experienced from using one bottle of your Hair Restorative, After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair. I was finally induced to try a bottle of your liair Restorative. Now candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was a will therefore take accession to recommend this invalue.

nounce richer and handsomer than the original was.

I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessisy of it.

Respectfully yours, KEV. S. ALLEN BROCK.

P. S.—This testimonal of my at probation for your valuable medicine (as you are aware of) is unsolicited:—but if you think it worthy a place among the rest, insert if you will be not destroy and say nothing.

Yours, &c., Rev. S. A. B.

LADIES GAITER BOOTS

A little glove stirs up my heart as tides stir up the cean A snow-white muslin, when it fits, makes many a curious notion
All sorts of lady fixins thrill my feelings, as they'd orter.
But little female gaiter boots are death and nething shorter!

> And just to put you on your guard, I'll give you, short and brief, A small hotel experience Which filled my heart with grief: Last summer, at the Pavilion Hotel, I stopped a week or more, And marked two " boot-ees" every more Before my neighbor's door; Two boots with patent leather tips, Two boots which seemed to say, " An angel trots around in us," They stole my heart away; And often in my nightly dreams They swept before my face, A lady growing out of them As flowers grow from a vase. But ah! one morn I saw a sight Which struck me like a stone. Some other name was on the book Those boots were not alone! A great tall pair of other boots Was standing by their side, And off they walked one afternoon And with them walked-a bride.

Those Gaiter Boots came from
